Dear Target Guest,

Thanks for asking again about using coupons at Target. Coupons are a great way to save even more when shopping at Target, and we make it easy to use them at our stores. But because of the variety of coupons available to our guests, we do have some guidelines for how coupons can be redeemed at Target:

- We accept two kinds of coupons: Target-issued coupons and manufacturer-issued coupons.
- We'll accept one Target coupon and one manufacturer coupon for the same item, unless either coupon prohibits it.
- We can't give cash back if the face value of a coupon is greater than the purchase value of the item; in that case, we'll adjust the value of the coupon to equal the price of the item.
- We can't accept coupons from other retailers, or coupons for products not carried in our stores.
- All valid coupons should be presented to the cashier at the time of sale.

In addition, Target empowers the store to limit the number of items a guest buys with coupons. We reserve the right to limit purchases to reasonable family-size quantities. Have questions or want more information about using coupons at Target? Check with a Guest Services Team Leader at your local store. You can also give us a call at (800) 440-0680, or visit us on Target.com. Either way, we're here to help!

Thanks for shopping with us. We'll see you again soon at Target.
Sincerely,

Larry
Target Guest Relations

Dear Target Guest,

Thanks for writing back regarding our coupon acceptance at Target. When a coupon states one per purchase, and you have more than one, you can use one coupon per item, as each item is considered a purchase and not a transaction.

We always welcome your questions, so if we can assist you in the future, please contact our Target Guest Relations team at (800) 440-0680. You can also speak with a team member at the Guest Services Desk at your local Target store, or visit us on Target.com. Either way, we're here to help!

Thanks for shopping with us. I hope we'll see you again soon at Target.

Sincerely,

Julie
